

THE LAST FRAME

PRODUCTION CALL SHEET

PRODUCTION INFORMATION

Call Sheet ID	TLS-CS-001
Production Company	TBD
Project Manager	TBD
Date	TBD
Total Shoot Days	2

LOGLINE

A freelance filmmaker discovers her old digital camera can record footage from the future, revealing a terrifying premonition and a warning not to trust her producer, Daniel, as she races against an impending disaster.

SHOOT DAY OVERVIEW

DAY	DATE	LOCATION	CREW CALL	FIRST SHOT	LUNCH	WRAP
Day 1	TBD	MAYA'S APARTMENT	08:00	09:00	13:00 - 14:00	19:00
Day 2	TBD	TRAIN STATION	20:00	21:00	01:00 - 02:00	07:00

CAST OVERVIEW

MAYA SEN — TBD
FUTURE MAYA — TBD
DANIEL — TBD

DAY QUICK CALLS

DAY 1	MAYA'S APARTMENT	Crew 08:00	Shot 09:00	Lunch 13:00 - 14:00	Wrap 19:00
DAY 2	TRAIN STATION	Crew 20:00	Shot 21:00	Lunch 01:00 - 02:00	Wrap 07:00

SHOOT DAY 1

LOCATION	CREW CALL	FIRST SHOT	LUNCH	WRAP
MAYA'S APARTMENT	08:00	09:00	13:00 - 14:00	19:00

SCENES

SCENE 1 — INT. MAYA'S APARTMENT - NIGHT

Summary: Maya, a freelance filmmaker, discovers her old digital camera mysteriously recorded footage from "TOMORROW" showing a future version of herself giving a dire warning.

Estimated Shooting Time: 3 hours

Characters: MAYA

Props: Digital camera, Laptop, Desk lamp

VFX: Rain crawling down window; Camera screen displaying 'recording' indicator and timestamp

Notes: Ensure camera screen is clean for VFX compositing. Subtle rain effect via VFX for atmosphere.

SCENE 2 — ON THE LAPTOP SCREEN - VIDEO

Summary: The video shows a future Maya in a ransacked apartment, urgently warning present-day Maya not to go to the station tomorrow, not to take the 11:47 train, and not to trust Daniel.

Estimated Shooting Time: 2.5 hours

Characters: FUTURE MAYA

Props: Laptop

VFX: Screen composite of Future Maya in ransacked apartment; VFX/Set dressing for overturned furniture and shattered window in footage; Flickering light effect on screen footage

Notes: Requires significant VFX integration for the laptop screen footage; ensure laptop screen is clean for compositing. Coordinate set dressing with VFX for the 'ransacked' look within the video footage.

SCENE 3 — INT. MAYA'S APARTMENT - LATER

Summary: Maya receives a message and call from Daniel, who reveals he also saw the future video and instructs her to destroy the camera, as the apartment lights flicker and the camera begins recording again.

Estimated Shooting Time: 3.5 hours

Characters: MAYA, DANIEL

Props: Phone, Digital camera, Desk lamp

VFX: Subtle flickering effect on apartment lights; Blinking red recording light on digital camera

Notes: Practical flickering lights combined with VFX for enhancement. Ensure camera recording light is clear for VFX.

CAST ON CALL	CREW ON CALL
• MAYA SEN	• Director
• DANIEL	• 1st Assistant Director
	• Director of Photography
	• Gaffer
	• Key Grip
	• Sound Mixer
	• Production Designer
	• VFX Supervisor
	• Script Supervisor
	• Makeup Artist
	• Hair Stylist
	• Wardrobe Stylist

DAY 1 — PRODUCTION RESOURCES

REQUIRED PROPS
• Digital camera
• Laptop
• Monitors
• Phone
• Desk lamp
REQUIRED EQUIPMENT
• Digital cinema camera package
• Various lenses
• Tripod
• Sound recording equipment
• Basic lighting package (LED panels, stands, dimmers)
• Grip equipment
• Playback monitor
PRODUCTION NOTES
• VFX Supervisor to be on set for screen capture requirements and flickering light integration.
• Ensure all digital props (camera, laptop, phone) have clean screens for VFX compositing.
• Prepare for rapid set dressing adjustments if apartment states change during the shoot.
SAFETY & LOGISTICS
• Standard apartment filming safety protocols to be observed.
• Ensure clear pathways for crew and equipment within the apartment.

NEXT SHOOT DAY

SHOOT DAY 2

LOCATION	CREW CALL	FIRST SHOT	LUNCH	WRAP
TRAIN STATION	20:00	21:00	01:00 - 02:00	07:00

Scenes scheduled: 1

Location: TRAIN STATION

SHOOT DAY 2

LOCATION	CREW CALL	FIRST SHOT	LUNCH	WRAP
TRAIN STATION	20:00	21:00	01:00 - 02:00	07:00

SCENES

SCENE 4 — INT. TRAIN STATION - NIGHT

Summary: At the train station, Maya sees a live recording of herself with a mysterious figure behind her. She boards the train with Daniel, sees a future of the train derailing on her camera, and barely escapes before the train departs, prompting a "TIMELINE UPDATED." message.

Estimated Shooting Time: 9 hours

Characters: MAYA, DANIEL

Props: Digital camera, Partial train car set piece

VFX: Mysterious, shadowy figure composited behind Maya within the camera screen's live feed; Complex VFX composite of train derailing footage onto camera screen; Clear 'TIMELINE UPDATED.' message composite on camera screen; Seamless integration of partial train car set piece with green screen backgrounds if needed; Digital passengers/crowd enhancement if required for wide shots

Notes: VFX Supervisor essential on set for all greenscreen and screen composite elements. Ensure partial train car set piece is ready and dressed. Coordinate closely with dedicated Railway Safety Officer for all activities. Plan for crowd control and management, even during off-peak hours. Prepare for quick egress from location in case of unexpected railway operations.

CAST ON CALL	CREW ON CALL
• MAYA SEN	• Director
• DANIEL	• 1st Assistant Director
	• Director of Photography
	• Gaffer
	• Key Grip
	• Sound Mixer
	• Production Designer

	• Hair Stylist
	• Wardrobe Stylist
	• Safety Officer (Railway)

PRODUCTION RESOURCES

PROPS
• Digital camera
• Partial train car set piece
EQUIPMENT
• Digital cinema camera package
• Various lenses
• Specialized grip equipment for train environment (if permitted)
• Sound recording equipment
• Lighting package adapted for station environment
• Greenscreen
• Monitors
• VFX playback equipment
• Walkie-talkies

DAY 2 — PRODUCTION NOTES & SAFETY

PRODUCTION NOTES

- Prioritize early engagement with railway authorities to understand specific permit requirements, lead times, and associated costs.
- Pre-production walk-through with railway operators and dedicated safety officer is critical.
- Carefully plan camera movements and equipment usage to comply with restrictions on tripods, artificial lighting, and yellow line rules on platforms.
- Budget for comprehensive liability insurance that specifically covers filming on railway property.
- Prepare a clear production concept and script breakdown for review by railway operators during the permit application process.

SAFETY & LOGISTICS

- Confirm filming permit requirements with the selected station/railway operator, anticipating significant lead times and fees.
- Confirm equipment restrictions with the selected location authority, especially regarding tripods, artificial lighting, and obstructing pathways.
- Confirm with the selected station/railway operator the rules governing filming near platforms, tracks, and approaching trains. Follow all operator safety instructions.
- A dedicated safety officer with experience in railway environments is required on set.
- Plan all practical train station filming during off-peak hours (likely late night/early morning).
- Secure comprehensive liability insurance with specific clauses covering filming on railway property, as this is a mandatory requirement.
- Conduct mandatory safety briefings for all crew members accessing railway property.
- All equipment on platforms must be secured/weighted to prevent movement.
- Confirm any railway-specific safety training required for key crew members.
- Confirm public access restrictions and management strategy during filming to avoid disruptions.
